

Iraq Telecom Summit

القمة العراقية للاتصالات

01-02 July 2026, Baghdad

Get Involved in the Third Iraq Telecom Summit

01-02 July 2026

World Heart Hotel

Under the patronage of the Ministry of Communications

After two successful editions, Pro Events is proud to announce the Third Iraq Telecom Summit. ITS is the first conference to be held in Iraq, highlighting the main transformations in the sector of telecommunications and the modern technologies that will shape the future of the telecommunications sector in Iraq. Keeping up with the development that is happening in the world within this sector.

Keeping up with the development in the sector of Telecommunications and Technology will support vital sectors in the country such as Economy, Security, Education, and other sectors that play an important role in ensuring sustainability and varying income sources, hence reducing the dependence on Oil Economy.

Iraq Telecom Summit is a 2-days event, and will discuss significant subjects related to digital transformation and the E-Government in Iraq, through a series of panel discussions that will be represented by experts and specialists within this sector, which will support the Iraqi Government that has a bold and ambitious vision for sustainable development and is taking the right path in procuring vast structural reforms within the government programme.

Iraq Telecom Summit will bring together global private sector companies with their matched from local companies and it is a special and exclusive opportunity to learn about the potentials and possible opportunities in the sector of telecommunications and technology in Iraq, from decision makers in the Iraqi Government.
